

## **We've got your health care needs covered.**

We know how important it is for you to have access to health care in your own hometown. We also know how unsettling it can be when your health care provider leaves the hometown practice. That's why we're doing our best to locate a physician who not only has excellent medical skills, but who also understands the concerns and needs of our Summitville patients.

Until we find that perfect person, we'll have a doctor or nurse practitioner available to you two days of the week. But, we won't leave you in the lurch the other three days of the week. We can refer you to other nearby Community providers where you'll receive the same excellent care.

Please call 765-536-2235 to schedule an appointment or to request a referral. We look forward to helping you with all your health care needs, now and in the future.

**Summitville Medical Arts**  
701 South Main Street
